

CATHOLIC

conquers international
scientific highlight

Sintonia meeting will take place every six months and will be an opportunity to hear from the Rector's Council the plans and the balance of institutional actions

SINTONIA

Predicted in the UCDB Navigation Chart, the first Tuning Meeting held with the Catholic administrative body was an opportunity to learn more about the next steps of the university. The Charter is the pluriannual planning of the Institution and was precisely the theme addressed by the Dean, Fr. Ricardo Carlos, and the Pro-Dean of Institutional Development, Sr. Gillianno Mazzetto.

“The elaboration of this plan was attended by many people. Everyone has important roles to play and we always want to be better”, said the Dean, Fr. Ricardo Carlos.

Hundreds of employees learned the main points of the letter, the strategic objectives and the projections for the next five years of work.

UCDB is international scientific highlight

Publishing articles in scientific journals is always good news for researchers. When this material is accepted in international journals, the achievement is even more relevant. And recently, several studies of the Don Bosco Catholic University were selected, among them:

NATURE COMMUNICATIONS

Researchers at UCDB: Dr. Octávio Luiz Franco and Dr. Suzana Meira Ribeiro
Topic: "In silico optimization of guava antimicrobial peptide enables combinatorial exploration for peptide design"

SCHIZOPHRENIA RESEARCH

Researcher at UCDB: Dr. André Barciela Veras
Subject: Early trauma and clinical features of schizophrenia cases influenced by the BDNF met allele

Suzana Meira Ribeiro

BEHAVIORAL ACT

Researchers at UCDB: Dr. André Augusto Borges Varella
Topic: "The ABLA test and its implications for teaching people with autism and developmental disorders"

PLANT SCIENCE MAGAZINE

Researcher at UCDB: Dr. Octávio Luiz Franco
Subject: "Potential biotechnological assets related to plant immunity modulation applicable in engineering disease-resistant crops"

LAND USE POLICY MAGAZINE

Researcher at UCDB: Me. Gabriel Herrera
Theme: "Econometric analysis of income, productivity and diversification among

CIÊNCIAS QUÍMICO-FARMACÉUTICAS

Researcher at UCDB: Me. Rúbia Adrieli Sversut
Topic: Evaluation of the quality of capillary straighteners containing ammonium thioglycolate"

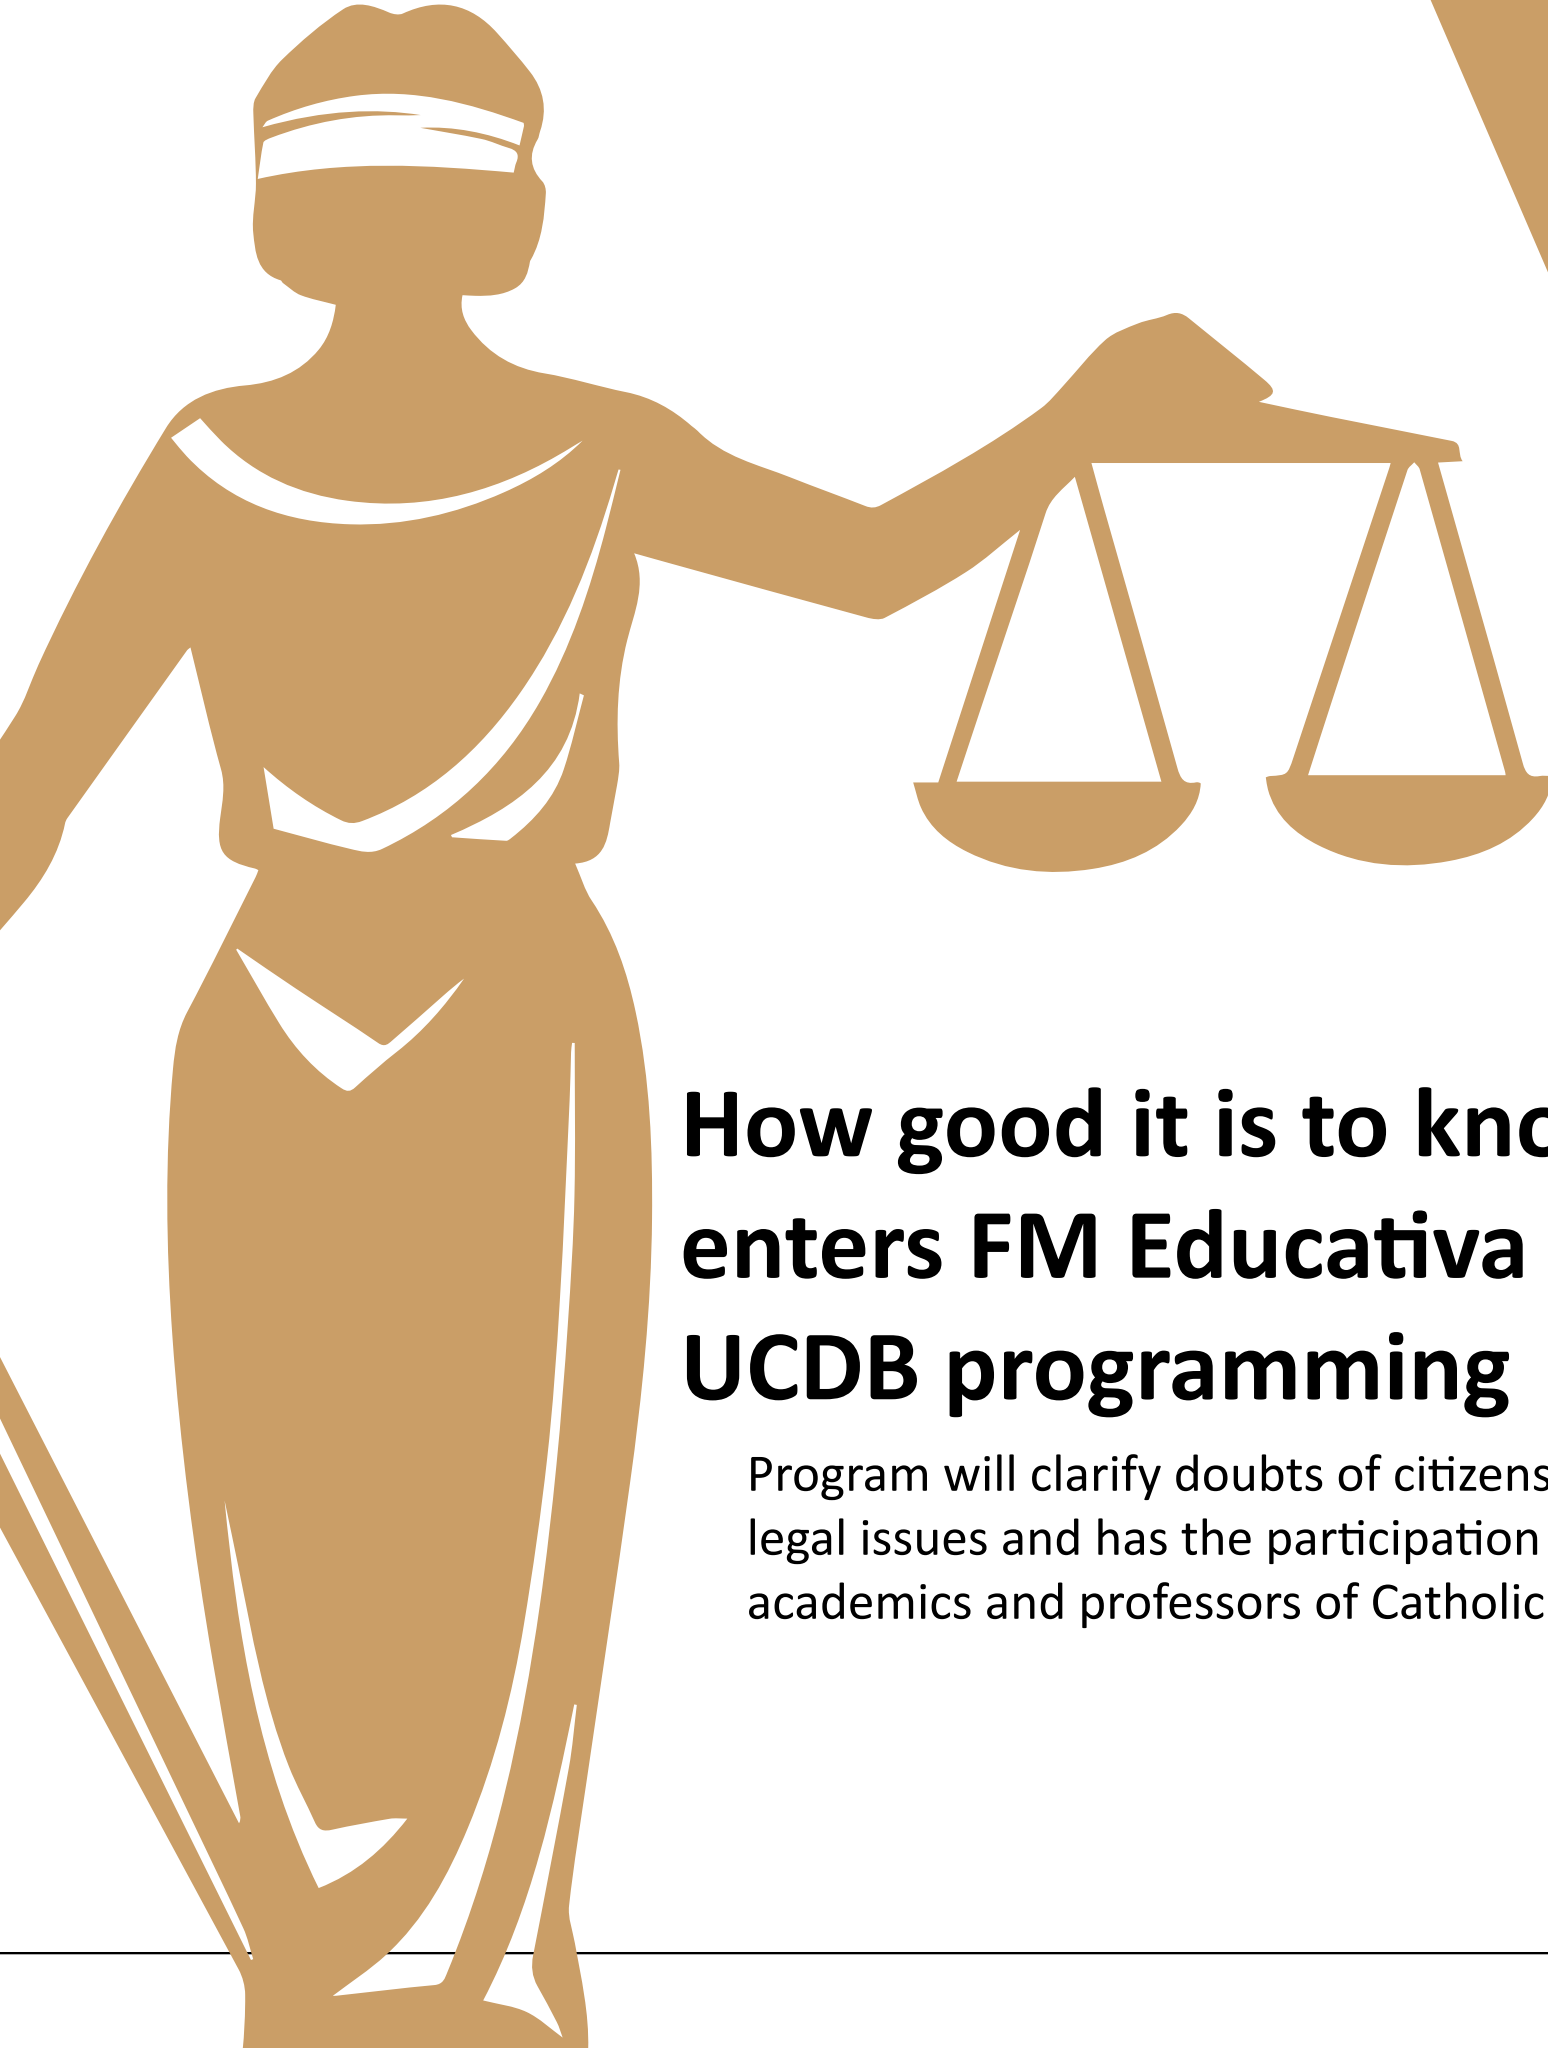

Professor Michel Constantino and Gabriel Herrera

Each journal has its own selection processes, which are usually demanding because of the volume of articles received. And the more highly regarded the publication, the greater the relevance to researchers.

How good it is to know Law enters FM Educativa UCDB programming

Program will clarify doubts of citizens about legal issues and has the participation of academics and professors of Catholic Law

“How good it is to know law” is the name of the new program in FM Educativa UCDB made by academics and professors, with the support of the coordination of the Law course of Don Bosco Catholic University. Each edition, lasting one minute, brings the explanation of the rights of citizens in relation to various subjects daily.

Daclobe Students(Student Directory of the Course) and Professors will meet monthly to define the topics to be addressed. However listeners can send suggestions of topics by e-mail dir@ucdb.br or via whatsapp (67) 9 9884-6755 of FM Educativa UCDB.

“Law has to be popular, and nothing better than knowing our rights well. We will have several information on education and legal knowledge, in a simple, clear and objective language”, said the coordinator of the law course of the UCDB, Elaine Cler.

Broadcasted daily during the entire program of the 91.5 FM Educativa UCDB, the work counts with the support of FM Educativa UCDB, Brazilian Bar Association - Mato Grosso do Sul Section (OAB / MS) and Superior School of Advocacy - Mato Grosso Section of the South (ESA / MS).

Castration project widens calls in Campo Grande

Community of Bom Retiro and Vila Nasser will also receive the visit of extension scholars from the public health extension project

The project of university extension “Castration - An action of love and prevention”, of Veterinary Medicine course of Don Bosco Catholic University, restarted in March, will continue to attend to the animals of the families of the Garden Seminary this month of April, Vila Nasser and Bom Retiro community. The service is performed every Friday, starting at 8 o’clock, at the Veterinary Hospital.

“The animals will undergo a screening, which is the general clinical assessment”, said the veterinarian, Professor Dr. Magyda Moussa.

Castration procedures will be scheduled within the week following the consultation. “In females, we remove the ovaries and the uterus; already in males, we eliminate the testicles. The recovery of the animal varies from seven to ten days. It returns home the same day, after a short period of observation”, explains the veterinarian Luciano Barros.

A total of 38 academics from the 9th semester of the Veterinary Medicine course are involved, supervised by veterinarians. “Our main objective is to enable people of lower purchasing power to have population control of these animals, as well as to instruct them about responsible possession and how to avoid zoonoses”, explains veterinarian and biologist Dr. Paula Helena Santa Rita.

The average cost, including consultation, clinical exams and surgical procedure, is more affordable due to partnerships, being \$ 120 for females and \$ 100 for males. More information by phone (67) 3312-3809.

Deadline for filing IRPF returns ends on 30

The deadline for the delivery of the declaration of the Individual Income Tax 2018 ends on April 30. Academics of Accounting Sciences of Don Bosco Catholic University are assisting in completing the document and have already carried out three actions that together have benefited more than 350 contributors in the Patio Central Shopping and on the UCDB campus.

“The students apply everything they have learned in the classroom, and the taxpayer also gains”, explains Lucélia Tashima, coordinator of the UCDB course in Accounting.

It is an obligation to declare who received over

R\$ **28,5**
thousand

DOCUMENTS REQUIRED FOR THE STATEMENT

- **Income:** (Income reports)
- **Goods and rights:** (Proof of purchase and sale of goods)
- **Debts and liens:** (information and debt documents and liens incurred and/or paid in the period)
- **Variable income:** (control of purchase and sale of shares)
- **General information:** (CPF, professional activity, dependents, among others)
- **Payments and donations made:** (report of plan income or health insurance, medical and dental expenses in general and proof of expenses with education)

DESIGNER

o que vou ser quando
CRESCER?

This is one of the jobs assigned to the Design professional, who in addition to making a product or brand known, also he/she thinks about facilitating the day to day of the consumer in many other activities.

“The professional’s job is to create projects that provide unique experiences for users of products, services and visual communication. It is for the user of a sneaker to have a comfortable experience that we think about the anatomical design of this product. It is so that a company has more visibility and recognition that we work the brand and the visual identity, among others”, explained the coordinator of UCDB Design course, Maria Helena Benites.

WHERE DOES IT WORK?

There is a broad market for the designer, such as a liberal professional, agency work, graphics, publishing, or developing applications, interfaces to websites, games and mobile devices (cell phones, smartphones and tablets).

He also works in the areas of surface design, products, illustration, scenography, teaching and others.

“Design is the fundamental soul of a human creation, which ends up expressing itself in successive external layers of the product or service.”

Steve Jobs

Can you identify a brand of product only by the typography used or even by the silhouette?

Festa Junina UCDB brings Marcos & Belutti and Max Moura & Cristiano

The Marcos & Belutti duo is the great attraction of the Junca UCDB 2018, which reaches its 11th edition consolidated as the largest university party in the State. Other confirmed duos are Max Moura & Cristiano and Hugo & Vitor.

Celebrating ten years of their career, Marcos & Belutti duo brings an unprecedented show to Campo Grande, with the current work song, "Another Year Together", and hits such as "I was", "Romance anonymous", "Sunday morning" - the most performed song on radio in 2014, "Single in love", among others.

- The invitations are already for sale at Gugu Lanches, A Banca barbershop and at Fast Tickets. R\$ 40 (first batch) and R \$ 20 (half entrance)

- Catholic graduation commissions will sell a special lot of tickets for R \$ 30, from April 6 to May 11.

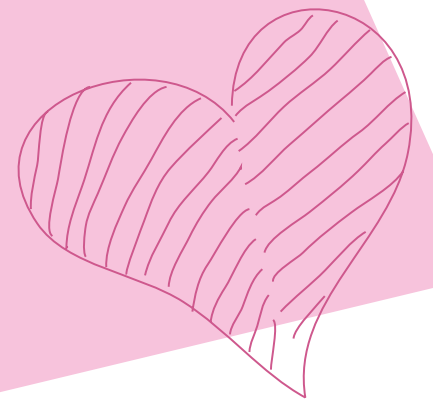

- UCDB academics pay a differentiated value: R \$ 15, from April 16 to May 2, in the Relationship Area (SeR)

Pastoral UCDB

Pro-Dean of Pastoral delivers chocolates to the Association

The Pro-Dean of Pastoral of the Don Bosco Catholic University delivered, at the end of March, the chocolates collected during the Solidarity Easter campaign for the Solidarity House Association, in the Itamaracá garden. The Association, which serves more than 300 children under the age of 12, delivered to the participants only on the eve of Easter Sunday.

“It is very beautiful to see the commitment and the organization of the students in relation to the campaign; Faced with this, we professed the idea of contemplating the group to collect more chocolates with a technical visit, according to what is being studied in the classroom”, said the coordinator of the course of Veterinary Medicine, Dr. Daniele Bier.

SACRAMENTS

After a period of preparation, several young people from the Parish of St. John Bosco University will receive the sacrament of Confirmation. It will be on April 22 at 7:15 p.m.
